Dear Mr. Thomas,

As I was roaming through the mall, I saw your store, Wet Seal, and saw a sign saying you were hiring people to work there. I was determined to find a position that would challenge me as an individual, as well as put me in a place I will be comfortable working at, considering I shop there often, making sure I can work at a place that I love. So, when I saw the sign I knew I had a special opportunity I have been looking for. Being a part of such a well-known and “in style” clothing store would be an honor that would be great for me and my family.

Organizing clothes and placing them where they’re supposed to be have been a part of my life since I was a young girl, helping my mother with laundry. I have had almost 7 years to organize different things from binders and school work to clothes and shoes and I am proud to say that working with your company would help maximize profits and continue to build the businesses success. Although I have never worked for a job like this before, I believe that my proven track record for success qualifies me for a position at Wet Seal.

I would very much like to speak with you about the position and show to you how much of an asset I would be to Wet Seal. The memories of my youth and enjoying time shopping at your company has remained with me since I was young and I would love to build more memories there. My cell phone number is 666-765-8978 and the best time to reach me would be sometime after 3:45 on weekday afternoons. Or, if it would simplify the process, I could call you. Just let me know when a convenient time would be.

Thanks, in advance, for your consideration, Mr. Thomas.

Sincerely,

Jennifer Bennett
